(*talking*)

This one here, is for all those people who doubted us
But also dedicated, to the only one who stood by us
Through it all through everything, God love thugs

[Dougie D]

Well it started way back in the garden of Eden, where
Adam and Eve were deceived
To eat the forbidden fruit that left the curse to, in tore
path by laboring
In the process they had sons, walking that led to the
first murder
Now why'd they wanna do that for, took the path of the
light in the lane that's for us
Then Jesus came walked in the light talked in the light,
told 'em the truth
People stoned and spit on him my God, if it were you
what would you do
Now check it out peep this mayn, coldest thang about
but we take it for granted
Imagine hanging on a cross down for the sins, for the
same people that have done you in
That's what I call real in the game, wonder if you'd walk
that mile in the rain
That's a lot of love for a lot of busters, whomever
believe will shall not parish
Although hard times gon come, gotta keep my faith in
God and know he'll do some'ing
I'll make it through the striving and struggling, all the
hustling and working my muscl'ing
And conquering all the hate-ation, all faces the devil try
to send my way
On my knees to dear God I pray, help me make it
through everyday
Why'd you get stressed before leaving up the bible, got
lines for a living life
You must think sure of yourself approving, in order to
live a risen life iight

[Hook 1 - 4x]

What the Lord has done for me, (I know)

How many eyes can really see, (yeeeah)

[Trae]

You can let me tell a tale about the man above, cause
this life we live ain't right
I done lost just about everything, with nothing but
negativities sent to my life
But see I gotta be strong and gotta keep my faith, and
even though everybody wanna get me down
My best bet is to keep my head up, and let God know
that I won't give up
My big brother Dinkie in the Penn for life, it ain't one
day that I don't feel the pain
It be too many problems on my mind, and a lot of you
cats be the one to blame
Knowing that my life won't change, I try to do my best
not to reminisce
Cause too many tears turned into anger, and I don't put
no one in danger
See I'm stressed out about a lot of thangs, and when
God one day it'll be alright
They say he might not come if he really wanna, but if
I'm in the need he'll be on time
He never let me down befo' and that's fa sho, I'm glad
I'm blessed with the skills to rap
We can make it alone just Trae and Doug, I'm doing my
best to be a proper thug
While everybody else wanna proceed to hate, steady
follow in the path of one that's mislead
Even though they don't know what's going on, but I
can't stop I gotta keep going on
And this is the way of life that we know, being straight
up thugs and I'm glad we made it
Through all the hard times and pain we go through, we
letting you know Lord you are appreciated

[Hook 1 - 4x]

[Hook 2]

What the Lord has done for me all of us, even though
some of y'all fin to see
I done been through the cracks and openings in the
walls, and even through the storms of the streets
(It'll take just a matter of time for one to find, the piece
of mind to love life
Confess my deeds and got my seed, and humble
myself to live life right)

[Dougie D]

See I was told that God has a plan for every man, but
must seek to find

Being fact we living in sin, we walk around with a bull
over our eyes
I know it's a pitiful shame, watching the people you die
fo' spill leads to the brains
On a level I can feel your pain, Devil trying to guide us
to do the wrong thangs
A lot of us have lost a friend, and separated ourself
from truth to find love
And death is one never ending loving, and that us the
love you get from God

[Trae]

This is my testimony, Lord would you please forgive
me for everything I've done
I know that I caused pain on these streets, I came to
realize it was you I see
And it ain't time to be blind we in the end of days, and I
know that I gotta repent for my sins
I can't let the devil try to do me in, and if I listen to you I
know we bound to win
Cause you blessed us with the gift of life, and no
matter what happens I can't forget that
I owe it to you till the day I'm dead, have mercy on me
dear Lord Amen
