took the last train  
through the cold rain  
couldn't live with leaving you this way  
since you've been gone  
nights seem so long  
days barely go by

still on my mind  
was the last time  
when I left you  
I never told you why  
sometimes the hardest part  
is for you to love what you've got  
I'm done complaining  
it's time I be right here  
patiently waiting

so don't shut me out  
when I need back in  
you know all that I want is  
a chance to start over again  
when I walked in  
you were leaving  
I came home to this empty feeling  
what can I say  
am I too late  
to make you turn around

tears on your face  
tell the story  
is it too late for me to say I'm sorry  
now  
I'm not here wanted anymore (?)  
just the way that you loved me before  
when all else is fading  
I will be right here  
patiently waiting

so don't shut me out  
when I need back in  
you know all that I want is  
a chance to start over again

and I won't give up  
until you give in  
and all that you want is  
to start all over again

without you here  
I don't know who I am  
and all I fear is your heart won't let you love me again  
don't shut me out  
when I need back in  
you know all that I want is  
a chance to start over again  
and I won't give up  
until you give in  
and all that you want is  
to start all over again

[all over again x3]  
if you give me one more try  
I promise you I'll get it right  
I'm not ready just yet for goodbye
