I fell and watched it get away from me  
And I know every reason I was left behind  
The easy part was knowing  
The hardest part was saying it out loud  
I let you down

Ashes to ashes, you broke down  
And I picked up the pieces you left here  
And now there's nothing left here  
To remind me of you, it's all true

Far from the place I used to call my home  
I celebrate, this is my holiday from you  
Where every thought's a moment  
And every moment finds a way to fade  
On this day

Ashes to ashes you broke down  
And I picked up the pieces you left here  
And now there's nothing left here  
To remind me

Ashes to ashes, you broke down  
And you left me to pick up the pieces  
And now there's nothing left here  
To remind me of you, it's all true

I'm done with you  
I'm done with you
