"Die Away From You"

Visit "[Die Away From You](#)" on MotoLyrics.com

Please stay a while
You, my friend, are not alone
Start listening
Realize you're on your own like me

So misunderstood
Let him die some other day
Stop questioning
If he lived some other way like me

'Coz we belong to the day
Where all our feelings prey
Then die away from you
I bid you well

Time lingering
Soon you'll see Him on your way
No more questioning
Everybody fades away

'Coz we belong to the day
Where all our feelings prey
Then die away from you

'Coz we belong to the day
And there's so much left to say
As I die away from you

I'm dying, I'm dying
I'm dying, I'm dying
I'm dying, I'm dying
