I'm leaving
Throw myself around
I'm needin'
This to figure out

I hear you
Talkin' to me

I'm feelin'
Nothing if at all
I'm tryin'
So hard to move on
When you're on your own

I see you
Even though
You're not here with me
I see you, yeah

Go on living
Always keep on breathin'
From the mouth of memory
You give back yourself

Go on giving
Always keep on breathin'
From the mouth of memory
Give back yourself

If I had
Any wish at all
I'd put you
Back where you belong
So you're not all alone

I hear you, I hear you talking
Did you say the words
I think, I heard you say
I hear you, yeah

Go on living
Always keep on breathin'

From the mouth of memory
You give back yourself

Go on giving
Always keep on breathin'
From the mouth of memory
You give back yourself

Now I wonder where you are
You left a life, you've been denied
I know what you could have been
If you hadn't died, if you hadn't died

Hadn't died
Hadn't died
Hadn't died

Go on living
Always keep on breathin'
From the mouth of memory
You give back yourself

Go on giving
Always keep on breathin'
From the mouth of memory
You give back yourself

Go on living
Always keep on breathin'
From the mouth of memory
