You're the one who's sorry  
I'm the one who gives a damn  
Happily ever after I am

I never saw you falling  
Why was I the last to know?  
You could have held on tighter  
Instead of letting go

You said you believed in yesterday  
Then why did you throw this away?  
You don't need me anymore  
You don't understand everything I am  
This is what I need to be

You can run away  
But you'll understand  
When I find this part of me  
You're the one who faltered

Is this how it had to end?  
Every day I wonder how to begin again  
You said you believed in yesterday  
Then why did you throw this away?

You don't need me anymore  
You don't understand  
Everything I am  
This is what I need to be

You can run away  
But you'll understand  
When I find this part of me  
Why did you throw this away?  
How could you throw this away?

You don't need me anymore  
You don't understand  
Everything I am  
This is what I need to be

You can run away

But you'll understand  
When I find this part of me  
You don't understand  
Everything I am  
This is what I need to be

You can run away  
But you'll understand  
When I find this part of me  
Was it me? I don't know
