The way it was, the way it is
I don't think much about it
I've tried too hard to redefine
The things in life I want

If you could live inside of me
I don't think that you'd like it
You're much too late to appreciate
Everything I have lost

I'm stuck at the heart of all of this
I know in time I'm the one you'll miss

And I don't give a damn what you think about
The things I've said and done
I don't give a damn what you think about
The things I have become

If I would bend I'd break in two
I'd rather feel unwanted
You're much too late to appreciate
Everything I've become

I've found a better place
You can't come in
So get away

I'm stuck at the heart of all of this
I know in time I'm the one you'll miss

And I don't give a damn what you think about
The things I've said and done
I don't give a damn what you think about
The things I have become

On and on and on and on
And on and on and on and on
On and on and on and on
And on and on and on

I don't give a damn what you think about
The things I've said and done

I don't give a damn what you think about
The things I have become

I don't give a damn what you think about
The things I've said and done
I don't give a damn what you think about
The things I have become

I don't give a damn
I don't give a damn
I don't give a damn what you think about
The things I've said and done
