Snake Charmer...

Snake Charmer...

Each eternity I make the same mistake
I can't escape you so I guess it must be fate
Snake Charmer we cross paths like a figure eight
I hear your melody and my belly undulates
Don't make me shimmy and shake, Shake shake
shimmy
You make my hips gyrate like the snake snake in me
You blow my mind away don't let the woodwinds spin
me
Don't let the drumbeat play
Don't let the dombek hit me

Snake Charmer I wanna I'm gonna leave you
But your eyes are mesmerizing
Can't you see my body winding
Snake Charmer I love you
Let me wrap my arms around you
Choke you so you cannot breathe
That's the way you make me feel

You do all the things I could ever hate
But I can't resist you nor the song you sweetly play
My mind's in spirals like a predator at bay
Ooh boy you got me only you can charm the snake
Don't make me shimmy and shake, Shake shake
shimmy
You make my hips gyrate like the snake snake in me
You blow my mind away don't let the woodwinds spin
me
Don't let the drumbeat play
Don't let the dombek hit me

Snake Charmer I wanna I'm gonna leave you
But your eyes are mesmerizing
Can't you see my body winding
Snake Charmer I love you
Let me wrap my arms around you
Choke you so you cannot breathe
That's the way you make me feel

Watch my neck rotate my belly undulate
My pelvis shift and sway to the rhythm of the bass
Feel my hips gyrate in a figure eight
Don't make me wait ooh boy you make me shake

Can you hear them coins jingle?
Jingle jangle jingle jangle
Can you feel my belt shake?
Shimmy shake shimmy shake
Can you hear them drums play?
Can you hear them drums say?

Snake Charmer I wanna I'm gonna leave you
But your eyes are mesmerizing
Can't you see my body winding
Snake Charmer I love you
Let me wrap my arms around you
Choke you so you cannot breathe
Does venom taste like ecstasy?

Snake Charmer I wanna I'm gonna leave you
But your eyes are mesmerizing
Can't you see my body winding
Snake Charmer I love you
Let me wrap my arms around you
Choke you so you cannot breathe
Does venom taste like ecstasy?

Snake Charmer...
