Over the summer
Somehow waiting
Sometimes craving
And I gave it all away
Let my mind slip away
Kept everyone away

I can't tell you anything
You don't already know
I can't tell you anything
You don't already know
I can't tell you anything

I am the minister, and the imposter
You said Im on my own
But I am not alone
You are the militant
Fighting to bring me home

I can't tell you anything
You don't already know
I can't tell you anything
You don't already know
I can't tell you anything

I can't tell you anything
You don't already know...
