Dancing as their chance passed  
Promoting national trust  
And goose the tunnel for the ditch  
Your jokes are swelling whining tracks

It's a sign of the times  
On Sudden Outburst Radio  
Feed our egos getting our fill  
With the everything I want pill

And [Incomprehensible]  
He's frozen up there on the slips  
And so the minors collapse  
They waste no time lacking guts

Throwing ashes on the fire  
'Cause everybody's a star  
Manifesting hypocrites  
In fifty blows, it's quite relaxing
