sitting out on your house  
watching hardcore ufo's  
drawing pictures, playing solos til ten

are you amplified to rock?  
are you hoping for a contact?  
i'll be with you, without you, again

turn and run, the angel's calling  
you say when and i say i'm falling  
up and down through broken down buildings  
back and forth but please don't bother at all  
count the days that we have wasted from the start  
speak the words and build a playground  
in your head

turn and run, the angel's calling  
you say when and i say i'm falling  
up and down through broken down buildings  
back and forth but you know why i left you for so long  
you know why i left you for so long...
