It's a bad ticket
I find it unusual and a touch risky
The discussion doesn't register
As i go around the front
You enter the back
Not cooperation or what you would call "dialogue"
In holding office you take no calls
Doesn't hold water
Your blueprints are inaccurate
And poorly outlined
Have you referred to the subtext?
The index?
Your intellect?
Take a crooked nail and drive it into
A dead block ... do you see?
No, I can say it, it's a bad ticket
