Bitter fish in crude oil sea
You don't have to bother me
You just have to join on this song

Crawling people on your knees
Don't take this so seriously
You just have to hum it all day long

To dine, alone
To build a private zone
Or trigger a synapse
And free us from our traps

You won't see me turn my back
With my head against my stack
Spinning deep and broken open skin

Official iron man you are free
Champions officially, but
You won't catch me on an open chin

To dine, alone
To build a private zone
Or trigger a synapse
And free us from our traps

Knockout punches for the freaks
Happy little babies with red cheeks
You will rock them gently out of sync

Confirmations through the wire
Spitting gas into the fire
Am I also worthy of a drink?

To dine, alone
To build a private zone
Or trigger a synapse
And free us from our traps
