Meet me at the market
Where you bought me out

Closely examine
The contact point of
The opposing rams

Now we are playing
Ooh, optical hopscotch

Now we are over here
Sketching the field of the spies
Now we are over here
Sketching the field of the spies

Front me a coroner's allotment
I'll not fail to return
An exact earth pinprick

Now we are engaged in
Ooh, optical hopscotch

Now we are over here
(What's left of our vision?)
Sketching the field of the spies
Now we are over here
(Our swimming vision? Of what division?)
Sketching the field of the spies

Now we are over here
(What's left of our vision?)
Sketching the field of the spies
Now we are over here
(Our swimming vision? Of what division?)
Sketching the field of the spies

Now we are over here
(What's left of our vision?)
Sketching the field of the spies
