People are leaving
In total frustration
The throw up their
hands
People are leaving
As I stomp into spring
(that don't mean a thing)
So:
The angels are making
circles
A gift to every naked fat baby
But everyone's
leaving
To look for a new place to dance
And drilling the
heart with sparrows
We'll try to get up from the
ages
And re-write the book of the pharaohs
At least add
a couple of pages
And dance
Before everyone
leaves
The servants are making a promise
We'll all rise
above the depression
The angels are making new
circles
A gift to every naked fat baby
