Picture me big time up along the range
With this woman of mine, drivin' me insane
Parasites, baby, don't you know? I can't lie to you

There was a band from Bean town
They drove the now sound
With a girl at the top of her lungs now
Yeah, a girl at the top of her lungs

She'd tell the people, baby
World will settle down for no one
I will deliver to you, yeah
I will deliver to you

Picture me big time up along the range
With this woman of mine, drivin' me insane
Parasites, baby, don't you know? I can't lie to you

There was a band from Bean town
They drove the now sound
With a girl at the top of her lungs now
Yeah, a girl at the top of her lungs

She'd tell the people, baby
World will settle down for no one
I will deliver to you, yeah
I will deliver to you

To one another in every place
Speak like brothers, leave no trace
Of a world's still divided by tongues now
Yeah, the world's still divided by tongues

You want to keep it closer now, don't you?
There are words you speak to everyone
Which I will deliver to you, yeah
I will deliver to you, yeah
I will deliver to you
