After all  
who takes the money man- after all  
after all  
who flies the flying horse - after all  
it's hard to be a bird in a flying house  
it's how to' be a drone in a hive of women  
commonly the chrome  
is switched on and driven  
But for now  
Remain lodging  
Stay put until you receive the signal  
It's how to be a drone in a hive of women  
commonly the chrome  
is switched on and driven  
It's hard to be a significant U-F-O  
oh  
It's how to be a drone  
in a hive of women  
commonly the chrome  
is switched on and driven
