Coded ancient the crease  
Unlock the timers  
And strike the chimers  
In my sleep

Grab the coat, steal the fleece  
From behind the curtain  
It will most certainly  
Will bring peace

To those with countless numbers  
No cold or hot  
Like things that I will keep  
And hide them in my sleep

They with countless numbers  
No cold or hot  
Like things that I will keep  
And hide them in my sleep

Coded ancient  
Oh, brightness we shall see  
Loaded up and at night when  
We shall flee

Not to tread through  
The heavy life sink in the dream  
On the right night  
You'll find her waiting

Selling things for cheap  
The things that I will keep
