The poised tongues on easy street

Are shifting and delivering

The insidious snakes/the hackers and the meat

Are counting out the face of things

I know when you bring back sweet Dougy's? car

You don't tell him where it has been

He's funny and cool and so is your pose

Conditional love wins out again

I'm feeling good and I don't know if that's alright

Deep in the rot I can't distinguish day from night
But all of it will transpire

Transactions made through the wire

Kiss me while I still speak

Hold me as I'm too weak

Enjoy it...delusions

Pushing closer to the rush

Opening and closing

You recognize me--feel the hush
