Come now Antoine give me your hand
I will fly you across the land
You were nobody
Now you're somebody
We will search for the dream of the king
And friends will hate us
And you will lead us
You can't change the plan when it's made
But we have changed it

Chorus: Die for your freedom while you can
You can always use new blood

??Sing me Lila negation cow??
??Fish will follow with eyes man??
Hand on my shoulders
March with true soldiers
And in fact dear the flesh is no more
Was burnt for our savior
Offensive behavior
And the last whale will swim to the shore
And the new land of danger

Chorus
