I am an earthworm following
There is a nighthawk
Watching me crawling

La, la, la, la, it's a lonely night
I'll take the airwaves home tonight
Crawl with me into the hole
Where everyone can hide

We're in the wormhole
Seeking to be safe again
Without a single brave soul
Leaking out tonight, tonight

After the fire there's a falling rain
Washin' us free of the daily pain
Off the hook and down the drain
And out to the other side

To where the soil is rich
And muddy in the riverbed
Feed on the urgent promise
Of the dead tonight, tonight
