So here we are now my friends,
Gathered together again,
To celebrate bittersweet life.
So here's to our struggles and strife.
Let's make the most of these hours,
Till time defeats all with its powers.
And lets make the most till the dawn,
Keep on going...until we are gone

(break-acoustical interlude)

One day there will come a time,
When we'll all face our crimes.
All the tears that we've caused,
To hide our fears and our flaws.
Getting so low and so high,
Caught between gutter and sky.
And we go through all of this...
Just for a small taste of...bliss.

(chorus break)

Keep on going (keep on going) / Until I'm gone (until
we're gone)
So come on, come on (so come on, come on) / Come
on, come on
(come on, come on) / Keep on going (keep on going) /
Until I'm gone
(until we're gone) / So come on, come on (so come on,
come on)
Come on, come on (come on, come on)

Each of us breathing inside,
Each just along for the ride.
And each of us cursed to roam
We can never go home...
Nobody else understood,
But why just think they would?
And do you think its how we planned?
We're doing the best...the best that we can!

(chorus break x2)

Keep on going (keep on going) / Until I'm gone (until

we're gone)
So come on, come on (so come on, come on) / Come
on, come on
(come on, come on) / Keep on going (keep on going) /
Until I'm gone
(until we're gone) / So come on, come on (so come on,
come on)
Come on, come on (come on, come on)
