I don't wanna know your name  
I don't ever wanna speak again  
I just wanna be somewhere I can lose myself  
Is that alright?

I don't wanna play any games  
Someone always loses and they usually share my  
name  
Just take me out of here  
Let me be your souvenir

Just take my hand and stop the moonlight fading  
Just take my hand and lead me up the stairs  
Just take my hand and make me feel amazing  
'Cos I don't feel amazing now

Does it even matter where you go  
If we're living for the window or the radio  
Just take your medicine in silence, take your medicine  
and write home

See the stars have lost their gaze  
And I thought we had a lot of days to share  
Oh anyway my heart is on the table  
You can take it if you want, it's yours

Just take my hand and make me glad I'm changing  
Oh take my hand and and take me anywhere  
Oh take my hand and make me feel amazing  
'Cos I don't feel amazing now

So if you've nothing else to do then come with me  
You can make believe all good things come for free  
Can't stop these noises at the door  
Oh, well no, no, there's nothing there at all  
Oh, no, no, there's nothing there at all  
Oh, no, there's nothing there at all  
Not at all

I don't feel amazing now  
I don't feel amazing now

Oooooooh

I don't feel amazing now

I don't feel amazing now

Just take my hand and laugh like you are crazy

Oh take my hand and tell me life is fair

Oh take my hand and tell me I'm amazing, darling

'Cos I don't feel amazing now, amazing now

Can't get the noise out of my head

Singing away

Can't stop thinking about you instead

Every day isn't love when you're lonely

(Oh did I let you go

Oh how I let you go...)
