Ooooooooooh
Greet the new day
Greet the new day
Greet the new day with a smile on your face
With a smile on your face
Lovers in the dark and sentimental songs
They make it sound so easy, but I don't know
I don't know

Oh I'm so alive, I'm so alive
but I can't stop the tears from falling down

Summer came today
Summer came today
Summer came today, but I didn't know, I didn't know

The ice room is melting
The ice room is melting
The ice room is melting, let it go, let it go

Oh I'm so alive, I'm so alive
but I can't stop those tears from falling down
Let it go, let it go
Oh I'm so alive, I'm so alive
but I can't stop those tears from falling

I'm so alive, oh I'm so alive
but I can't stop those tears from falling
I can't stop those tears from falling
I can't stop those tears from falling down
falling down, falling down
I can't stop the tears
