Silence in the libraries,
Not gonna bring me down.
Singing the voice that you studied out real
Nothing's gonna bring me down.

Nothing's gonna bring me down
Nothing's gonna bring me down
Nothing's gonna bring me down today
Believe me
Nothing's gonna bring me down
So what if I need it anyway?

Home
Home is a bucket
Try to settle on something
Hard, you make me
Cry loud little tears
And try to be the best man and again

Nothing's gonna bring me down
Nothing's gonna bring me down
Nothing's gonna bring me down today, tomorrow,
anyplace, anyway
Nothing's gonna bring me down
Nothing's gonna bring me down
Nothing's gonna bring me down, no.
I couldn't get any longer, anyway.

Nothing's gonna bring me down
Nothing's gonna bring me down
Nothing's gonna bring me down
Nothing's gonna bring me down
