Kids are running wild  
In the streets of the city  
Blood is in the gutter  
The riot has begun  
There are many gangs around  
They fight with knives and bats  
Who will win and who will lose?  
No one can tell

Fight  for your life  
Scream  out your hate  
Kill  or be killed  
Pull out your knives

Violence!

A man is lying bleeding  
No one seems to care  
Everyone is fighting  
Fighting for the lives  
Sirens in the night  
Police side by side  
The crowd is spilling up  
Running for the sense

Fight  for your life  
Scream  out your hate  
Kill  or be killed  
Pull out your knives

Violence!
