Fell in love with a boy  
Grew tired of it  
Fell in love with the world  
Yearned to fly from it  
Fell in love with myself  
Broke it off for the breeze  
Broke it off for the weather

Walking slowly through space  
Pleased and terrified  
Backing out of the race  
Extra edified  
I want my sentences back  
Can't remember their faces

And I'm still here  
Holding on, and nothing, man  
Stand on my life  
Rewriting my delivery  
Walk the river  
Like a hunted animal

Everything was the life  
The summer holidays  
Christmastime in the drive  
Always out of rain  
Sit down and fall on a star  
Did someone mention the weather  
Did someone mention the weather

And I'm still here  
Holding on to nothing, man  
Stand on my life  
Here is my delivery  
Walk the river  
Like a hunted animal

It's an endless conversation  
With an endless voice, over endless fascination  
Over endless choice,  
and my heart's going out of missions on imagined

motorways

I never said I was right, I just hoped you thought it  
anyway

Walk the river

Like a hunted animal

Walk the river

Like a hunted animal

Walk the river

Like a hunted animal

Walk the river

You hunted animal

Walk the river

We have lost all animals
