It stands so high you can't see the top.  
It stands so high, like it or not.  
Can't see over, I'm not that tall.  
Can't see through this iron wall.

Long division ain't close to my heart.  
Long division keeps the world apart.  
Long division ain't close to my heart.  
Long division keeps the world apart.

It runs so far you can't see the end.  
I'd write a letter that I can't ever send.  
Seems like forever, it's been so long.  
But don't forget that it's still wrong.

Long division ain't close to my heart.  
Long division keeps the world apart.  
Long division ain't close to my heart.  
Long division keeps the world apart.

It runs so far you can't see the end.  
I'd write a letter that I can't ever send.  
Seems like forever, it's been so long.  
But don't forget that it's still wrong.

Long division ain't close to my heart.  
Long division keeps the world apart.  
Long division ain't close to my heart.  
Long division keeps the world apart.

Long division, it keeps the world apart.  
It keeps the world apart, it keeps the world apart...
