Today, today, you wanna run away now,  
You break, try to keep it together,  
love, Love is all you need,  
You're a queen but you're never known it  
Life has come and left you blinded,  
Stole you smile and left you crying,  
It's not your fault, shame is all you've got now,

Your heart's tangled up in silence,  
It's time to let go,  
Feel the light,  
I know it's easier to hide,  
But you gotta let go,  
Feel the light,  
Let go and feel the light,

Brave, brave, the water's all around you,  
I stay I'll keep you from sinking down,  
Love is on your side,  
It's stronger than you'll ever know,

So many years of quiet,  
Building up like a fire inside,  
You're feeling like you gotta let it out now,  
Just let it out,

Your heart's tangled up in silence,  
It's time to let go,  
Feel the light,  
I know it's easier to hide,  
But you gotta let go,  
Feel the light,  
Let go and feel the light,

How did you get here,  
You're locked inside of all this fear,  
Inside you're crying out,  
Your mind's a war,  
Get out, get out and live for more,  
There's so much more,  
Live for more,

Your heart's tangled up in silence,  
It's time to let go,  
Feel the light,  
I know it's easier to hide,  
But you gotta let go,  
Feel the light,  
Let go and feel the light,

Brave, brave the water's all around you,  
I'll stay, I'll keep you from sinking down
