Feels like I've been here forever,
Why can't you just intervene?
Do you see the tears keep falling
I'm falling apart at the seams,
You never said the road would be easy
You said you would never leave,
And you never promised that this life isn't hard,
But you promised you'd take care of me,

So I'll stop searching for the answer,
I'll stop praying for an escape,
I'll trust you God with where I am
And believe you will have your way,
Just have your way,
Just have your way,

My friends and my family have left me,
And I feel so ashamed and so cold,
Remind me you take broken things,
And turn them into beautiful,

So I'll stop searching for the answer,
I'll stop praying for an escape,
I'll trust you God with where I am
And believe that you will have your way,
Just have your way,
Just have your way,

Even if my dreams have died,
Even if I don't survive,
I'll still worship you with all my life,
My life, yeah,
Whoa, oh, oh, oh,
Whoa, oh, oh, oh
Whoa, oh, oh, oh
Whoa, oh

And I'll stop searching for the answers,
I'll stop praying for an escape,
And I'll trust you God with where I am,
And believe that you will have you way,
Just have your way,

Just have your way, yeah
I know you will,
I won't forget,
Whoa, oh, oh
You love me,
Have your way,
Yeah
