I tried to cover my shine
I've tried staying in the lines
I I I don't wanna hide
No not tonight
You you you want me to take my light
Fit it in your box right
I want u to look me in the eye eye eye

Ready or not
Here here here I come
I'm about to show you where the light comes from
Oh, oh, oh ready or not here here I come
This is who I am
I wont hide it
I'm a take it all over the world
To the young to the old every boy and girl
Ready or not here I come
I'm a show the world where the love is

I'm not ever selling out love
A love out loud is what it's all about
Giving everything to see the lost get found
Yeah, it's going down
You, you, you want me to take my light
Fit it in your box right
I want u to look me in the eye eye eye

Ready or not here here I come
I'm about to show you where the light comes from
Ready or not here here here I come
This is who I am
I won't hide it
I'm a take it all over the world
To the young to the old every boy and girl
Ready or not here I come
I'm a show the world where the love is

[LECRAE]

I refuse to keep this buried deep inside of me
Yeah this little light of mien, it's time to let it shine a bit
'Cause there's no point in hiding it
It's everything I am
The source of all my hope
And it's the reason why I stand
And I pledge allegiance to be somebody real

There's no more holding it back
I'm showing them how I feel cuz love is more than a word
It's a noun, and a verb, and hiding it is absurd
Ya heard

Ready or not here here I come
I'm about to show you where the light comes from
Ready or not here here here I come
This is who I am
I won't hide it
I'm a take it all over the world
To the young to the old every boy and girl
Ready or not here I come
I'm a show the world where the love is
