In through the out door  
Heads turn and I'm stuck for words  
You can't control your emotions  
Baby that's tough

Maybe it means nothing at all  
Baby you'll be there when I fall

They're just girls in love  
In my eyes they can do no wrong  
They're just girls in love  
And right by my side is where they belong

You say you trust me and you'll never leave  
That's good  
Caught in the middle  
One slip and I'm in the bad books  
It goes on and on and on and on and on

Maybe it means nothing at all  
Baby you'll be there when I fall

They're just girls in love  
In my eyes they can do no wrong  
They're just girls in love  
And right by my side is where they belong  
They're just girls in love  
You better believe they can do no wrong  
They're just girls in love  
What can you do with girls in love?

What can you do?  
It comes down to you  
Let's groove

They're just girls in love  
In my eyes they can do no wrong  
They're just girls in love  
And right by my side is where they belong  
They're just girls in love  
You better believe they can do no wrong

They're just girls in love  
And right by my side is where they belong
