Somebody told me when it comes to love  
you're all just players in the game  
I've got a message from a friend I mind  
She's trying to get out while it can

Now let it love do you know how I feel  
tell me it's wrong but I know that is real  
I've got a lover I just let her be  
just tell me we belong together

Stay with me forever  
Stay with me tonight  
Stay ...

With all the doors locked inside my mind  
feels like they've thrown away the key  
It's easy fight and fall in someone else  
but you can see the hood in me

So you're out in the darkness  
you said that you've changed  
we've meet there in somewhere  
leave me out in the rain

Stay with me forever  
stay with me tonight  
stay with me  
stay with me  
stay with me forever

Sometimes I find  
It just get's me out  
I need to hear  
and you're not around  
the night is young  
but this pain will pass  
I see each day as my last

Stay with me forever  
Stay with me forever  
Stay with me Stay with me  
stay with me forever

Won't you stay  
Won't you stay  
Won't you stay  
Never let you go
