Your crystal heart was smashed to pieces  
Years of pain that never cases  
Damaged goods unfinished puzzle  
Flex your hate like an itching muscle

Caught in the rain without a shelter  
Corrodes your brain it's helter skelter  
Just one thing in this world will save ya  
And you need in now

Your distress calls nobody answers  
The picture's drawn and it spreads like cancer  
Urgent problems drastic measures  
Cross the line to here ever after

Caught in the rain without a shelter  
Corrodes your brain it's helter skelter  
Just one thing in this world will save ya  
And you need in now  
Can't stop waterboarding myself  
Painful secrets  
Comdemned me to hell

And I  
I just gotta tear right out of this place  
And I  
I just gotta wipe the smile off your face

The big taboo  
Crucifies you  
The big taboo  
The black hole in you

Here ever after calls your name  
Here ever after knows your game  
Here ever after feels no shame  
Here ever after calls...

Can't stop waterboarding myself  
Painful secrets  
Comdemned me to hell

And I  
I just gotta tear right out of this place  
And I  
I just gotta wipe the smile off your face

The big taboo  
Crucifies you  
The big taboo  
The black hole in you  
The big taboo  
Suffocates you  
The big taboo  
Twin-headed beast in you
