Listen up

On a sacred road named rock and roll  
We capture every town  
We take great pains to leave behind  
Holy burning ground  
Sworn that we'd make it  
And time showed we were right  
When you're livin' in true brotherhood  
You face every fight  
Like a motherfucker  
Here's my middle finger  
Fight the good fight  
Struggle for the dream  
Die-hard blood brothers  
Lean and mean machines

We stand tall  
No one stands alone  
It's one for all  
And all for one

Brother to brother  
Respect and cover  
Head out  
Ridin' for our lives  
We stand together  
Into forever  
Until the day we die  
The day we die

So we're back  
Stand strong  
Relentless is our spirit  
Keeping us alive  
We're gonna roll you over  
And leave the rest behind  
Like a motherfucker

We stand tall  
No one stands alone  
It's one for all  
And all for one

Brother to brother  
Respect and cover  
Head out  
Ridin' for our lives  
We stand together  
Into forever  
Until the day we die

Like the good and the bad and the ugly  
We ride for eternity  
We're soaring on wings of tomorrow  
Unbound and free

Brother to brother  
Respect and cover  
Head out  
Ridin' for our lives  
We stand together  
Into forever  
From Day One till the day we die
