Travelling around  
All these unknown places  
To rock the night  
And living - living our dream  
With you - the crowd  
So many faces  
To bang your heads  
For hearing you scream  
To say goodbye to all I love  
And say "hallo" to all our friends  
Who still believe in music  
From now on - until the end

Feels so - good to - be back  
On the road again  
For all my - my life I - I need it  
On the road again

I've got no place to call my own  
Wherever I go feels like home  
Living just for the moment  
Living just for the show  
Going back on the highway  
Of rock'n'roll

Feels so - good to - be back  
On the road again  
For all my - my life I - I need it  
On the road again

Oh yeah-yeah

Feels so - good to - be back  
On the road again  
For all my - my life I - I need it  
On the road again  
Feels so - good to - be back  
On the road again  
For all my - my life I and  
I'll be back on the road

I'll be back on the road

Back on the highway  
I'll be back  
On the road again  
Feels so good to be back  
For all my life I need it  
On the road again
