[G. Feldhausen]

Sex and drugs and Rock'n'Roll  
That's what we are looking for  
Whole lotta Rosie will never die  
Lights up the Australian sky

Let the fire burn tonight  
Let's get high when the band gets right  
Raise your hands into the light  
Time has come to feel alright  
And the band plays on

Rosie's dancing on the table  
When she's drunker than she's able  
Tell me who should leave the hall  
I'm sure you know them all

Let the fire burn tonight  
Let's get high when the band gets right  
Raise your hands into the light  
Time has come to feel alright

Party, party in the hall of fame  
Party time in the hall of fame  
Party in the hall of fame

If you don't know what to do

Here is some advice for you  
Kill a king or break the law  
Run to the hills, your balls to the wall  
Go insane eat your brain  
Tie your mother down tonight  
Slip inside my sleeping bag  
Watch out for a heart attack

Let's get high when the band gets right  
Raise your hands into the light  
Time has come to feel alright

Party, party in the hall of fame

Party time in the hall of fame  
Party in the hall of fame

Be invited to the show  
A journey into Rock'n'Roll  
Iron, steel and Metal too  
We're gonna give it all to you

Party, party in the hall of fame  
Party time in the hall of fame  
Party in the hall of fame  
Welcome to the party
