I hate the way how you analyse a man by his look you  
fucker  
Criticise what your blinded eyes could never see - my  
real me  
You bet me that I'm on my way and that I'm going down  
So many suckers did before you - but I'm still around  
I give a fuck - don't wanna exist in your reality - just let  
me be

Nobody brings me down - down - down  
Look - the madman's still around

When you see me coming  
I am almost gone  
Free like the wind  
I'm the fallen one  
Live life through the fullest  
Until my last day's done  
Always gonna be  
The fallen one

Stay the fuck out of my face  
You won't understand me anyway  
I'm how I am - and I'm proud to be - can't you see  
Man it's a fact - better a freak than living on my knees  
Won't change myself into something I don't wanna be  
Life's a bad game - it's made for you  
You've got to play it well - but without me

As long as this world keeps turning round and round  
No one takes away my inner crown

When you see me coming  
I am almost gone  
Free like the wind  
I'm the fallen one  
Live life through the fullest  
Until my last day's done  
Always gonna be  
The fallen one

When you see me coming

I am almost gone  
Free like the wind  
I'm the fallen one  
Live life through the fullest  
Until my last day's done  
Always gonna be the fallen one

When you see me coming  
I am almost gone  
Free like the wind  
I'm the fallen one

Hmhmmm  
Yeahiyeha - that's right

The fallen - the fallen - the fallen  
I'm the fallen one  
The fallen - the fallen - the fallen  
I'm the fallen one
