Sittin' here  
Late at night  
The last whisky in my hand  
Yeah the show was great  
Staring into the night  
Thoughts are runnin' through my head

Everything in my life  
Like a perfect deal, a bit unreal  
Heard your lovely voice  
Last night on the phone  
The sound of your words  
I still hear  
You said you love me still  
Babe I miss you so

What if I would fall asleep  
And my soul would fly away  
To where it belongs  
If I'd never open up my eyes again  
And for me tomorrow never comes

It was a warm embrace  
A fast kiss goodbye  
Yeah we were runnin' outta time  
Now my fear starts growin'  
That this will never be again  
This warm and tender feelin'  
Just holdin' your hand

What if I would fall asleep  
And my soul would fly away  
To where it belongs  
If I'd never open up my eyes again  
And for me tomorrow never comes

No way to make things better  
No way, not here, not now  
I can hardly face the moment  
This yearning deep inside  
The only wish that I still have  
Please let me awake again

Don't let this be my final end

What if I would fall asleep  
And for me tomorrow never comes
