You sent a Jack O'lantern over to my house

To charm me from my kill

I've crosses far too much to bear

But you said you will

Now, you look away, look away

Look away and leave me alone

I'm calling up thunder

Hands in the open sky

I'm calling up thunder

To the wind and open sky

To help myself

To see myself

I'm calling up thunder

I'm calling up thunder

With the tears warm against your red dress

Embedded in my brain

I see that we were alike

But we were not the same

Now, you look away, look away

And leave me all alone

I'm calling up thunder

Hands in the open sky  
I'm calling up thunder  
To the wind and the open sky  
To see myself  
To help myself  
I'm calling up thunder  
And I'm calling up thunder, ooh  
I'm calling up thunder  
Hands in the open sky  
I'm calling up thunder  
To the wind and the open sky  
To see myself  
To help myself  
And I'm calling up thunder  
And I'm calling up thunder  
Ghosts, they crawl on the floor  
Wondering at it all  
I promised I would join them  
But, the gesture was too small  
Now, I look away, look away  
Look away back to myself  
I'm calling up thunder  
Hands to the open sky  
I'm calling up thunder  
To the wind and the open sky

To help myself

To kill myself

I'm calling up thunder

And I'm calling up thunder
