You belong to me.
SAYONARA ienakute
Itsumade mo dakishimeta katta
I belong to you.
Harisake sou ni naru
Kono mune o kimi ni sashidashite
We belong to Earth.
Haruka na sora no moto
KOBARUTO ni hikaru hoshi ga aru
Kanashimi wa soko kara hajimatte
Itoshisa ga soko ni kaeru no sa

You belong to me
I can't say good-bye
I held you forever
I belong to you
It's ready to burst
This chest is reaching out for you
We belong to Earth
The source of a faraway universe
Toward the cobalt, there is a shining Earth
That is where sadness begins
All that we love is returning there

Aa
MEBIUSU no wakara nukedase nakute
Ikutsu mono tsumi o kurikaesu
Heiwa yori jiyuu yori tadashisa yori
Kimi dake ga nozomu subete dakara
Hanarete mo kawatte mo mi ushinatte mo
Kagayaki o kesanai de
You can change your destiny.
Toki no mukou
You can change your future.
Yami no mukou
We can share the happiness.
Sagashite yuku
Yurushi aeru sono hi o

Ah
You can't slip away from the mÃ¶bius ring
So many mistakes are repeated

More than peace, more than freedom, more than
justice
I want you, because you're everything
Even if I'm separated from you, even if you change,
even if I lose sight of you
I'll never forget your radiance
You can change your destiny
Beyond the time
You can change your future
Beyond the darkness
We can share the happiness
That we've been looking for
That day when I'll accept forgiveness

Yume to iu kaze ni michikarete
Ayamachi no fune ni yurareteku
We belong to Earth.
Ikite yukeru no nara
Itsuka mata modoreru hi ga aru

We're guided toward the wind we call a dream
A ship of indiscretions is swaying
We belong to Earth
If we can just keep on living
There will always be the returning day

Aa
MEBIUSU no wakara hiki yoserarete

Ah
I can pull the moebius ring toward me
So many meetings are repeated
Beyond the time
More than hope, more than ideals, more than
aspirations
I was only able to believe in you
Fleetingly, violently, without falsehood
I won't avert my gaze

You can change your destiny
Beyond the time
You can can change your future
Beyond the darkness
We can share the happiness
That we've been looking for
That day when we fell in love

You can change your destiny.
Toki no mukou
You can change your future.
Yami no mukou

You can change your destiny
Beyond the time
You can can change your future
Beyond the darkness

Aa
Mou ichido kimi ni meguriaeru nara
MEBIUSU no sora o koete

Ah
If I fortuitously meet you once again
Passing through the Möbius's Universe
Beyond the time
