I've got a funny feeling
There's something wrong today
I've got a funny feeling
And it won't go away

I've got an itchy finger
And there'll be hell to pay
I'm gonna pull the trigger
And blow them all away

Don't ever try to tell me
How much you care for me
Don't ever try to tell me
How you were there for me

I don't believe there's a reason
(I don't, I hope you see this)
I don't believe there's a reason
(I should, I don't believe it)

I've got a wicked demon
Who somehow never fades
I've got an empty feeling
I won't be home today

Don't ever try to tell me
How much you care for me
Don't ever try to tell me
How you were there for me

I don't believe there's a reason
(I don't, I hope you see this)
I don't believe there's a reason
(I should, I don't believe it)
I don't believe there's a reason
(I don't, I hope you see this)
I don't believe there's a reason
(I should, I don't believe it)

No one is stopping you
From doing what you want to do
No one is stopping you now

Stopping you now

I don't believe there's a reason
(I don't, I hope you see this)
I don't believe there's a reason
(I should, I don't believe it)
I don't believe there's a reason
(I don't, I hope you see this)
I don't believe there's a reason
(I should, I don't believe it)
