Told you once about your friends and neighbors  
They were always seeking but they'll never find  
That it's alright, yes it's alright

Where to go, where to be  
It's always been that way and it will always be  
But it's alright, yes it's alright

Give it all and ask for no return  
And very soon you'll see and you'll begin to learn  
That it's alright, yes it's alright

Don't you know that it's so good for you  
You can be making love and I see it all go through  
But it's alright, yes it's alright

Hold her now and you can both go home  
It's been a long time coming but you've finally shown  
That it's alright, yes it's alright
