I've got a funny feelin' there's something wrong today
I've got a funny feelin' and it won't go away
I've got an itchy finger and there'll be hell to pay
I'm gonna pull the trigger and blow them all away
Don't ever try to tell me, how much you care for me
Don't ever try to tell me, how you were there for me
I don't believe there's a reason (I don't, I don't believe it)
I don't believe there's a reason (I sure, I don't believe it)
I've got a wicked demon here somehow never fades
I've got an empty feeling
I won't be home today
Don't ever try to tell me how much you care for me
Don't ever try to tell me how you were there for me
I don't believe there's a reason (I don't, I don't believe it)
I don't believe there's a reason (I sure, I don't believe it)
I don't believe there's a reason (I don't, I don't believe it)
I don't believe there's a reason (I sure, I don't believe it)
No one is stopping you from doing what you want to do
No one is stopping you now, stopping you now

I don't believe there's a reason (I don't, I don't believe it)
I don't believe there's a reason (I sure, I don't believe it)
I don't believe there's a reason (I don't, I don't believe it)
I don't believe there's a reason (I sure, I don't believe it)
