"Wil U Hold Me"

Sometimes I wonder what you think of me
and it is plane to see that you dont really care
how I feel or even if our loves real
you seem to only care about my outlook
around you
what I look like and the things I do
I try to make you smile
and show you all my love
in hopes you mght stay awhile

will you hold my hand when I cry
or sing me one last song goodbye
this is how you broke my heart
right from the very start

this is my heart
to you it breaks
just take it
and dont break it
