Vision - creeps in my head  
Taking my soul to a higher ground  
Anger - resist my pain  
Making me high to bring me down  
Violence - deep in my veins  
And what you sow is what you'll get  
Ending - just wait and see  
And you will use your damn regrets

Stardust falls from the sky  
Gave us the reason why  
Stardust falls from the sky  
Brings us to sleep tonight

Feel it - the more you fight  
The more you start to lose your mind  
Taste it - the bitterness  
Gets all inside and lets you die  
Power - is in the air  
And then the night will turn to day  
Warning - for us to see  
Maybe we stop our own decay

Get on your feet - Get on your feet  
Get on your feet  
Do what it needs - Do what it needs  
Do what it needs

Fire - in the sky  
Fire - burns so bright
