Chorus:

Georgie, Georgie don't run! Kissed the world & made it cry!

Gonna just say no - this is gone too far! Gotta kill the storm and restore the calm!

Waste the bodies this you don't care! Mama's birth (?) isn't ready for this (?).

...you need to handle yours!

Verse 1 Guru:

This land is my land! This land is your land!

This land is my land? You're sure man? Sure?

Cause Georgie wanna rage war on all fronts

...and me? - I'm a peace seeker when it's all said and done!

We got enough problems here! Why we messing with that?!

Politics in the mix and now we're guessing again...

...speculations as to who's a threat - shoot, shoot, shoot'em up Georgie! Cause you're a vet!

Who's up next now? I guess the Rootin' Tootin'

Invading & raiding is what you're used to doing!

And I can understand war tactics - but without dialogue there's just more caskets!

And everybody's scared to death! Turn on the news - bad news - Be prepared to step!

...and there goes our favorite guy: (here we go!)

George kissed the world and made it cry!

.

Chorus:

Georgie, Georgie don't run! Kissed the world & made it cry!

Gonna just say no - this is gone too far! Gotta kill the storm and restore the calm!

Waste the bodies this you don't care! Mama's birth (?) isn't ready for this (?).

...you need to handle yours!

.

Verse 2 Guru:

How dominating do you have to be? (Think about it!)

When it only ends up as a disaster G.

After me there will be no more to warn you! (No more!)
There will be no emails no voice messages to inform
you.

That Georgie's got a beef to settle - and you say no to
weapons - he says: keep the medal!

Sending troops of our native sons straight into battle -
no talking. Just blaze your guns!

And I'm from the home of the brave - You go against
the mission - You're gonna go in a grave.

And that's the way Georgie wants it! Cause I don't think
he's happy, unless there's conflict!

So many soldiers on the front line. It's getting tense
everywhere, when they're in a crunch time.

...and there goes our favorite guy: Georgie kissed the
world and made it cry!

.

Chorus:

Georgie, Georgie don't run! Kissed the world & made it
cry!

Gonna just say no - this is gone too far! Gotta kill the
storm and restore the calm!

Waste the bodies this you don't care! Mama's birth (?)
isn't ready for this (?).

...you need to handle yours!

Chorus - cont'd:

Why do you want to do it like this? I don't wanna
â€¦...(?) of your diss (!)

Kissed the world and made it cry. Why'd you kiss my
world good bye?

.

Kissed the world and made it cry. Why'd you kiss my
