I wanna trust you, baby
I wanna trust you, baby
Wanna trust you, baby
(Trust me, I love you)

I wanna trust you, baby
(Trust me, I need you)
I wanna trust you, baby
(Trust me, I want you)
Wanna trust you, baby
(Trust me)

Trust me, I love you
Trust me, I need you
Trust me, I want you
Trust me

Baby, why don'tcha? Honey, why won'tcha
Accept the fact that it's not just the knack that I care?
So please, let me share special moments, moments so
rare

Check it out, if I could give you the world, you know I'd
do it
Everything at your feet, ain't nothin' to it
But it's hard, sweetheart and it's rough out here
But I doubt, there is anybody else for me

Trust me, I love you
Trust me, I need you
Trust me, I want you
Trust me

Trust me, I love you
Trust me, I need you
Trust me, I want you
Trust me

The things I feel, they are for real
I'm past the point of dwellin' on the sex appeal
Mad chicks sweat me but I desire your womanness
Dude sweats you but I'm the best

Listen, we could build the future together
No dollar and I would never soup you up, never
I'm buggin' out over the thought of you leavin'
Tried to step to you but now you're retreatin'

Trust me, I love you
Trust me, I need you
Trust me, I want you
Trust me

Trust me, I love you
Trust me, I need you
Trust me, I want you
Trust me

I do believe you do care
To tell you the truth, I am scared
Some freaky people out there, you know?

Trust me, I love you
Trust me, I need you
Trust me, I want you
Trust me

I sent you flowers, I sat for hours and
Contemplated, the state of our affairs and I find there
Is no way out, I'm in a love lock
The funny thing about it I don't wanna even stop, so

Trust me, I love you
Trust me, I need you
Trust me, I want you
Trust me

Trust me, I love you
Trust me, I need you
Trust me, I want you
Trust me

So now, you know the flavor
It's not about the stuff I gave you
And my behavior is based on strong
Feelings I have of you and me, it's like a bond
A treasure not to be corny but word

I wanna give you all the joy that you deserve
I know we argue, sometimes I start to annoy you
But we should never, ever try to destroy two
Hearts joined, intertwined with a passion

Give me a chance, love, that's all I'm askin'
And furthermore, you can be sure that I'll do
Every little thing you need, yes, it's true
I'm not desperate, but I'm the one for you

Trust me, I love you
Trust me, I need you
Trust me, I want you
Trust me

Trust me, I love you
Trust me, I need you
Trust me, I want you
Trust me

Love is so risky you know
I want you to do and show
Me all of you openly, honestly

I wanna trust you, baby
(Trust me, I love you)
I wanna trust you, baby
(Trust me, I need you)
I wanna trust you, baby
(Trust me, I want you)
I wanna trust you, baby
(Trust me)

I wanna trust you, baby
(Trust me, I love you)
I wanna trust you, baby
(Trust me, I need you)
I wanna trust you, baby
(Trust me, I want you)
I wanna trust you, baby
(Trust me)

I wanna trust you, baby
(Trust me, I love you)
I wanna trust you, baby
(Trust me, I need you)
I wanna trust you, baby
(Trust me, I want you)
Wanna trust you, baby
(Trust me)

I wanna trust you, baby
I wanna trust you, baby
I wanna trust you, baby
