What is it you want from me?  
There isn't much I will not do.  
If it's only company  
You know, I might need that too.  
Won't you  
Come anytime - I'm a man of leisure,  
Come anytime, I await your pleasure.

There's nothing new beneath the sun  
We've butchered every sacred cow  
Don't tell me about all the things you might have done  
Just tell me what are you doing now - right now.

Come anytime, I won't give you pressure  
Come anytime - I can wait forever  
And if you can't make up your mind  
We could make it up together.

Things like this happen every day

Whatever happens, it's O.K.  
Why be afraid when we've got it made -  
I'll never ask you to explain.

What is it you want from me?  
You won't shock me easily.  
Maybe it's your heart's desire,  
Maybe it's your wildest dream,  
Maybe I'm a gun-for-hire but,  
Baby, don't we make quite a team, Don't we?  
Don't we?  
Come anytime (you're so inclined) I won't give you  
trouble  
Come anytime (you're going blind) or you're seeing  
double  
And I have never been the kind who'd want to  
Burst your bubble.  
Come anytime.
