Don't turn around they're coming to choose
Your haircut, the language you use.
I miss california, you're misunderstood.
Oh yah, we're all misunderstood.

Broke in your car, it might need some gas.
Got a ticket, so break out the cash.
I wish it was early, it's later than dawn.
Oh yeah, I take the minimum wage.

Doubt is your cause Tomorrow Man,
Can't get there alone. Oh, yeah.
Doubt is your cause Tomorrow Man,

Can't get there alone. Oh, yeah.

We're raisin' arrows, we're poisonin' fools.
With the churchs that make their own rules.
And if it was ugly, its uglier now.
Oh yeah, I think tomorrow is good.
Yeah, tomorrow is good.

C'mon...

Doubt is your cause Tomorrow Man,
Can't get there alone. Oh, yeah. X3

Tomorrow Man, Tomorrow Man.
Oh, Tomorrow Man, oh, Tomorrow.
